

We're collecting signatures to petition the Town of Westlock to create a **Neutrality Bylaw**, ensuring crosswalks and flags on public property remain neutral. The petition, if successful, will force a town-wide vote on the bylaw that will allow ALL citizens to have their say democratically, whether for or against the bylaw.

We believe the government should stay neutral and not elevate any one special interest group over another.

For more information, or to request **to sign the petition**, visit us at:
